# FIREGLASS+

## MANUFACTURING THE HIGHEST QUALITY FIRE GLASS

Fire glass is a completely new alternative solution for fireplaces, fire tables and fire pits by using tempered glass. This creative alternative allows jewel like glass crystals to last a lifetime without ever burning melting and most importantly of all no discoloring or toxic fumes

Fire glass is growing in popularity amongst designers, landscapers, architects and home owners alike. Our modern versatile assortment of colors illuminates your interior's or exterior's ambiance. Increase the visual look of your fireplace or fire pit by giving it a custom and vibrant finish.
